INTRODUCTORY SECTION

Sun City Fire District

18602 N. 99th Avenue, Sun City, Arizona, 85373

Monday, January 18, 2021

To the Honorable Member of the Board and Citizens of Sun City Fire District:

The following is the Comprehensive Annual Financial Report (CAFR) of Sun City Fire District (SCFD) for the fiscal year ending June 30, 2020. This CAFR report is intended to meet and exceed all legal reporting requirements that are borne by this jurisdiction. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control established for this purpose. The cost of internal controls should not exceed anticipated benefits, and therefore the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Arizona Revised Statutes (ARS) 48-253 and 48-805(9) require an annual audit to be performed in accordance with the statutory requirements and in conformance to generally accepted government auditing standards. As such, the fiscal year audit has been performed by an independent certified public accounting firm, BeachFleischman PC. The auditors have issued an unmodified ("clean") opinion on the Sun City Fire District's financial statements for the year ended June 30, 2020.

The independent auditor's report is located at the front of the financial section of this report. Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

District Profile

Fire protection for Sun City began in the early 1960's when the Del E. Webb Corporation first began building homes. In those early years each homeowner interested in having fire protection service would enter into an annual "subscription" with a local fire protection company and pay that company a fee based on property values. Limited first aid service was also available from the fire protection company.

In 1966 the Sun City Fire District was established under Arizona law (Title 48, Chapter 5) after an affirmative vote by the electors of Sun City and an order by the Maricopa County Board of Supervisors. The board elected in 1966 entered into a master contract with the private fire protection company to cover the entire community. This eliminated the fire subscription fee program.

Sun City Fire District

18602 N. 99th Avenue, Sun City, Arizona, 85373

In 1988 the Sun City Fire District Board voted to hire their own personnel. At 8:00 a.m. on January 1, 1989 firefighters reported to duty for the first time as direct employees of the fire district. On this date the Sun City Fire District also began providing emergency services to the Town of Youngtown. Recognized by the State of Arizona as a special taxing district, SCFD operates under Arizona Revised Statutes (ARS) Title 48, Chapter 5. The District currently provides services to the citizens of Sun City, the Town of Youngtown, and Citrus Point. The District is a community service organization funded through limited assessed value property taxes. It is governed by a five-member Board elected by the public, comprised of a Board Chair and four Board Members, including a Board Clerk and Board Treasurer. All board members are elected at large and serve staggered four-year terms. The Board hires and has authority over a Fire Chief who is charged with managing day-to-day operations of the District. The Board is required to adopt an annual budget which serves as the foundation for financial planning and control. The budget is prepared by fund, function, and object. A current organization chart follows:

Sun City Fire District Organizational Chart

Sun City Fire District

18602 N. 99th Avenue, Sun City, Arizona, 85373

In 1990 SCFD became a participant in an automatic aid agreement consortium with multiple other Phoenix valley fire departments. The purpose of the agreement is to provide the most efficient, safe, and effective fire-rescue-emergency medical services to the community. It allows for adequate and appropriate resources from any fire department to respond to incidents outside their normal response areas. It also provides additional equipment and staffing from other jurisdictions when emergencies exceed the District's resources. The Sun City Fire District contracts with the City of Phoenix for dispatch services and as an Automatic Aid partner, the district's protocols mirror those of its consortium partners. City of Phoenix communications employs dedicated fire call takers and dispatchers. All incoming requests are screened and triaged to establish the correct initial response. The first arriving officer can amend the response based on conditions found at the incident. This sharing of resources is a tremendous cost savings to the citizens within the system. This automatic aid agreement, state requirements and national standards suggest a staffing level of 4 firefighters for engine companies and 2 personnel for ambulances providing medical transport. This level is maintained to provide safe and effective fire suppression activities and life safety for our customers and members.

Sun City Fire has continued to evolve to ensure they meet the changing needs of the communities they serve. The District provides fire and emergency medical services, which include fire suppression, emergency medical services, fire prevention, public education, and various other non-emergency services. Sun City Fire District operates from three fire stations, with a minimum daily staffing that includes 29 operational personnel for twenty-four hours each day of the year. The District is outfitted with five Type 1 engines, six ALS ambulances, a ladder truck, a ladder tender, two command vehicles, and brush truck to meet the emergency response needs of the community.

Emergency Services

Fire Suppression - The Sun City Fire District is an all-hazards, full-service fire and emergency medical service provider. It utilizes a three-platoon system for community emergencies, 24 hours a day, 365 days a year. Each platoon has a battalion chief who directs day-to-day shift operations, while station captains direct station operations. All the fire stations are strategically located throughout the Fire District to provide effective coverage, a quick response time, and protect critical infrastructure. It is the responsibility of Emergency Operations to utilize the district's personnel and apparatus to deliver a wide variety of both emergency and non-emergency services:

- Advanced life support medical treatment
- Fire suppression
- Specialized rescue operations
- Response to weather-related emergencies
- Hazardous materials incident mitigation

Sun City Fire District

18602 N. 99th Avenue, Sun City, Arizona, 85373

EMS - Sun City Fire District's Emergency Medical Services Division's main priority is to provide exceptional and expedient customer service to the citizens and communities we serve. Sun City firefighters are trained to provide the highest possible level of care in the field. Additionally, all engine and ladder companies are constantly staffed with a minimum of 2 paramedics and 2 EMTs per unit. They work a 48/96 shift schedule and participate in the Phoenix Regional Automatic Aid System, which includes over 26 communities in the metropolitan area. Sun City Fire District's Emergency Medical Services Division also operates a civilian fleet of state-of-the-art Advanced Life Support (ALS) ambulances that are constantly staffed with a paramedic and an EMT. The ambulances run on the 48/96 hours operating schedule which coincides with the fire suppression personnel schedule. SCFD has been successful in the development of partnerships with local hospitals to further strengthen the overall emergency pre-hospital system. These partnerships have enabled us to provide the best emergency medical customer service delivery system to the citizens we serve in the communities of Sun City, Youngtown and Citrus Point.

Fire Prevention – The Sun City Fire Prevention Bureau enjoys one of the lowest fire losses for commercial and residential buildings in the nation for a city its size and age. The Fire Prevention Bureau is directed by Fire Marshal Jim Fox. The Fire Prevention Bureau is divided into four divisions: Inspections/Code Enforcement, Investigations, Community Outreach, and Public Education. The goal of the Fire Prevention Bureau is to provide information, training, and inspections to the Sun City Fire District. We believe that an informed, educated public will be better prepared to act in case of an emergency and will have an impact in lessening the frequency of these situations.

About the Area

SCFD serves residents and visitors of the communities of Sun City, the Town of Youngtown, and Citrus Point, Arizona. The majority of the Sun City Fire District residents are over 55 and retired. The area was designed to provide a leisurely lifestyle and therefore offers multiple recreational choices. Covering 17 square miles with an ALS ambulance transport service area and 17 square miles of district response area the district has grown to serve an estimated 45,000 full time residents. The district provides fire protection and emergency medical services, ambulance transport, technical rescue, public education and fire prevention. Deploying daily minimum staffing of 26 Fire/EMS personnel, SCFD responds to approximately 16,000 calls per year.

Budget Overview

The District budgets all funds in accordance with the requirements of state law. All funds are budgeted on the modified accrual basis of accounting.

The Board adopts the general fund budget prior to July 1st, the beginning of the fiscal year of the District. The budget process begins in early January and consists of multiple analysis of historical revenue and expenditures, future projections and numerous meetings and budget workshops with the Board and public. Throughout the budget process the Board reviews the budgeted expenses at the fund, function and object level. This is done to allow the Board, and participating community members, to gain a more detailed understanding of the budget and to be compliant with Arizona Revised Statute 48-805.02(A) which requires a detailed estimate of expenditures. The Board adopts the budget at the fund level which is the legal level of budgetary control.

Budgeted expenditures lapse at year-end and may not be carried over to subsequent years.

Local Economy and Outlook

Although the district has been able to diversify its revenue sources, property values play a significant role in its funding mechanism. Local property values are continuing to recover but have not yet fully recovered. Recently, the District has experienced consistent growth in assessed valuation with both existing property valuation growth as well as new property valuation growth.

District management and staff are working proactively and cooperatively with other agencies, surrounding fire districts, and regional planning groups to ensure continued ability to serve the ever-changing population it serves.

Long-term financial planning and major initiatives

The district has developed a comprehensive five-year capital improvement plan. The capital improvement plan will sustain and enhance emergency response infrastructure by maintaining and replacing aging facilities and capital assets. This capital improvement plan forecasts the life expectancy and replacement and or maintenance costs for each of the District's long-term assets, as well as define the funding levels needed over each of the five years.

Future projections are consistently utilized, and long-term financial sustainability is a major factor in all decisions made by the organization. A continued focus on alternative revenue initiatives that help diversify the districts revenue sources and therefore help insulate the district from fluctuations in one revenue source is important to the districts long-term financial planning. In partnership with the focus

Sun City Fire District

18602 N. 99th Avenue, Sun City, Arizona, 85373

on revenue is the focus on providing more efficient services. The district continues to investigate different options of cost reduction while still ensuring that the level of service provided to the community served continues to excel.

Relevant Financial Policies

SCFD has adopted a comprehensive set of financial policies. The policies are constantly evaluated for their effectiveness and how they keep the Governing Board and staff focused on increased internal controls, reporting and long-term sustainability. The policies implemented have been effective in protecting the District and its focus on maintaining service levels while also providing long term sustainability and success.

Awards and Acknowledgements

Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Sun City Fire District for its comprehensive annual financial report for the fiscal year ended June 30, 2019. This was the first year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

We would like to express our sincere gratitude to the personnel of the finance department who assisted and contributed to the preparation of this report. Appreciation is also extended to Board Chair David Mann, Members of the Board, the managers, employees and citizens of the District whose continued support is vital to the financial health of Sun City Fire District.

Respectfully submitted,

FINANCIAL SECTION

Independent Auditors' Report

Governing Board and Management
Sun City Fire District
Sun City, Arizona

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sun City Fire District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Sun City Fire District as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the pension plan and other postemployment benefit plan (OPEB) information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sun City Fire District's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2021, on our consideration of Sun City Fire District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Sun City Fire District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sun City Fire District's internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A)

(Required Supplementary Information)

MANAGEMENT'S DISCUSSION AND ANALYSIS

FISCAL YEAR ENDED JUNE 30, 2020

INTRODUCTION

The management of Sun City Fire District (the District) presents these financial statements with a narrative overview and analysis of financial activities for the twelve months ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the accompanying basic financial statements and the accompanying notes to those statements in their understanding of the District's financial position.

FINANCIAL HIGHLIGHTS FOR THE YEAR

- In the government-wide financial statements, the total assets and deferred outflows of the Sun City Fire District were \$28,582,182 at the close of the fiscal year. The total liabilities and deferred inflow exceeded total assets and deferred outflows by \$19,870,010. Of this amount \$(23,277,124) represents the balance of the unrestricted net position.
- The District realized a decrease in its net position of \$3,463,108 equal to the excess of expenses over revenues. The primary driver was the increase in the net pension liability.
- The District has 95 full-time employees. Of these employees, 66 participate in the Public Safety Personnel Retirement System (PSPRS) and 29 participate in the Arizona State Retirement System (ASRS).
- As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$6,740,904, a decrease of \$451,719 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balances for the general fund was \$3,012,384. The change in fund balance for the general fund was an increase of \$288,898 for the fiscal year. The District Board and Administration are working diligently to enhance the financial position of the organization while still providing a high level of service to the community it serves.
- The total long-term liabilities of the District increased by a net amount of \$2,775,984. Increases in the District's actuarially determined net pension/OPEB liability of \$3,203,445 contributed to this increase. There was no new debt issued in the current year.
- The District strives to provide the best possible service while minimizing the tax rate.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the basic financial statements of the District. These basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *Government-wide financial statements* present the financial picture of the District from the economic measurement resources focus using the accrual basis of accounting. These statements include all assets of the District (including capital assets) as well as all liabilities (including long-term debt). They are intended to provide a broad overview in a manner similar to a private sector business. Additionally, certain eliminations have occurred as prescribed by Statement No. 34 in regards to interfund activity, payables and receivables.

Statement of Net Position - The *Statement of Net Position* (page 23) presents information of all District's assets plus deferred outflows of resources, less liabilities, less deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

Statement of Activities - The *Statement of Activities* (page 24) presents information showing how the net position of the District changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Fund Financial Statements

The Fund Financial Statements provide detailed information about the most significant funds not the District as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes other funds to help it control and manage resources for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. All the funds of the District are considered governmental funds.

Governmental Funds Governmental Funds are used to account for essentially the same functions reported as governmental activities in the Government-wide financial statements. All of the basic services of the District are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the operations and basic services provided to residents. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance programs of the District. Because the focus of governmental funds is narrower than that of the Government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-wide financial statements. By doing so, readers may better understand the long-term impact of the near-term financing decisions of the District. The reconciliation of differences between the governmental fund financial statements and the government-wide financial statements is explained in a section following each governmental fund financial statement.

The District maintains three individual government funds: the General Fund, the Capital Projects Fund, and the Debt Service Fund. Information is presented separately in the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances for each of these funds, all of which are considered to be major funds of the District; the concept and determination of major funds has been established by the Governmental Accounting Standards Board (GASB). There are no non-major governmental funds.

The District adopts an annual appropriated budget to levy taxes and provide for its general fund. A budgetary comparison statement has been provided for the fund to demonstrate compliance with the budget and is presented on page 61.

Fiduciary Funds The District is the trustee, or fiduciary, for certain funds held on behalf of the Sun City Firefighters Relief and Pension Fund. The District's fiduciary activities are reported in a separate statement of fiduciary net position and statement of changes in fiduciary net position that is presented on pages 29 - 30. We exclude this activity from the District's other financial statements because the District cannot use these assets to finance its operations. The District is responsible for ensuring the assets reported in these funds are used for their intended purposes.

Notes to the Financial Statements. The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the Government-wide and Governmental fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the financial position of a government entity. In the case of the Sun City Fire District, liabilities and deferred inflows exceeded assets and deferred outflows by \$19,870,010 at the close of the 2020 fiscal year.

By far, the largest portion of net position of the District, \$3,407,114, reflects the District's investment in capital assets (land, buildings and improvements, fire equipment and vehicles), less any related debt still outstanding that was issued to acquire those items. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be liquidated to service these liabilities.

The remaining balance of unrestricted net position, \$(23,277,124), reflects its cash and current account receivable less any current liabilities (e.g. accounts payable, accrued payroll, and compensated absences) and long-term liabilities not associated with capital assets. The District uses the cash balances to pay current and ongoing financial obligations in order to provide services to residents.

At the end of fiscal year 2020, the District has a negative balance in unrestricted net position. In fiscal year 2015, the District adopted Governmental Accounting Standards Board Statement No. 68, Accounting and Financial Reporting for Pensions, which requires the District to report a net liability for pensions of \$36,756,782. In fiscal year 2018, the District adopted Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, which requires the District to report a net liability for OPEB of \$17,631. The District pays for pensions and OPEB on a pay-as-you go basis with current financial resources each year. However, the net pension/OPEB liability required to be reported is an actuarially determined amount for resources that are required sometime in the future.

The following table reflects the condensed Statement of Net Position:

Sun City Fire District
Condensed Statement of Net Position
As of June 30, 2020 and 2019

	Governmental Activities		Increase (decrease)
	2020	2019	
Cash and investments	\$ 6,915,791	\$ 7,174,873	\$ (259,082)
Other assets	1,636,050	1,920,336	(284,286)
Capital assets	<u>12,952,307</u>	<u>13,335,941</u>	<u>(383,634)</u>
Total assets	<u>21,504,148</u>	<u>22,431,150</u>	<u>(927,002)</u>
Total deferred outflows	<u>7,078,034</u>	<u>6,852,061</u>	<u>225,973</u>
Other liabilities	841,120	671,796	169,324
Long-term liabilities	<u>47,369,801</u>	<u>44,166,569</u>	<u>3,203,232</u>
Total liabilities	<u>48,210,921</u>	<u>44,838,365</u>	<u>3,372,556</u>
Total deferred inflows	<u>241,271</u>	<u>424,450</u>	<u>(183,179)</u>
Net investment in capital assets	3,407,114	3,282,625	124,489
Unrestricted	<u>(23,277,124)</u>	<u>(19,262,279)</u>	<u>(4,014,845)</u>
Total net position	<u>\$ (19,870,010)</u>	<u>\$ (15,979,654)</u>	<u>\$ (3,890,356)</u>

Statement of Activities – The net position of the District from governmental activities decreased \$3,463,108. Key elements of this increase are as follows:

- Net investment in capital assets increased by \$124,489 primarily due to the acquisition of new capital assets.
- Property taxes increased by \$570,507 as a result of an increase in assessed valuation.
- Charges for services revenue represented a slight decrease of about \$74,476, which includes both ambulance revenue and wildland fire revenue.
- Expenses for the District increased about \$2,300,960 from the prior year, due mainly to personnel expenses.
- Pension expense for the year ending June 30, 2020 was \$5,406,054, compared with \$4,023,504 in the year ending June 30, 2019.

The following table presents a comparative summary of the District's revenues and expenses for the current and preceding fiscal years.

**Sun City Fire District

DISTRICT FUNDS FINANCIAL ANALYSIS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balances may serve as a useful measure of the District's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the District itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the District's Governing Board.

At June 30, 2020, the governmental funds of the District reported a combined fund balance of \$6,740,904.

General Fund - The general fund accounts for all of the financial resources of the District, which are not accounted for in any other fund. As of June 30, 2020, total fund balance was \$3,314,975, of which \$302,591 was nonspendable

because of prepaid items and \$3,012,384 was unassigned for financial reporting purposes. Total General Fund balance increased by \$288,898 due to an increase in public safety retirement costs.

Capital Projects Fund - The capital projects fund accounts for the accumulation of resources for future construction costs for new and existing facilities and for the purchase of large fire apparatus. As of June 30, 2020, the ending fund balance in the Capital Projects fund was \$2,828,111.

The following statement provides the detail of the District fund balances:

Sun City Fire District
Governmental Funds – Fund Balances
As of June 30, 2020 and 2019

Major funds	June 30, 2020		June 30, 2019, as restated	
	Amount	%	Amount	%
General	\$ 3,314,975	49.2 %	\$ 3,026,077	42.1 %
Capital	2,828,111	42.0 %	3,673,949	51.1 %
Debt services	<u>597,818</u>	<u>8.9 %</u>	<u>492,597</u>	<u>6.8 %</u>
Total fund balance	<u>\$ 6,740,904</u>	<u>100.0 %</u>	<u>\$ 7,192,623</u>	<u>100.0 %</u>

BUDGETARY HIGHLIGHTS

There were some variances of note for the fiscal year.

Revenues were over budget by \$63,028, primarily due higher than expected collections for ambulance response and medical billing.

Expenses were over budget by \$219,132 mainly due to management of operational and administration fees during the fiscal year.

Sun City Fire District
Condensed Budget to Actual - General Fund
As of June 30, 2020

	Budget	Actual	Variance with budget
Total revenues	\$ 14,539,537	\$ 14,602,565	\$ 63,028
Total expenditures	<u>14,539,537</u>	<u>14,758,669</u>	<u>219,132</u>

Net change in fund balance	<u>\$ -</u>	<u>\$ 288,898</u>	<u>\$ 288,898</u>

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental type activities as of June 30, 2020 totaled \$12,952,307 (net of accumulated depreciation). These assets include land, construction in progress, buildings and improvements, fire equipment, and vehicles.

During the year, the District purchased or placed in service capital assets of \$697,669. This included a fire engine, a UTV that provides rapid deployment of emergency services in difficult terrain and related emergency equipment.

The District depreciates capital assets, except for land and construction in progress, consistent with generally accepted accounting principles, utilizing the straight-line depreciation method. The cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. Major outlays for capital assets and improvements are capitalized as projects are completed and placed into service. Additional information on the District's capital assets can be found in the notes to the financial statements at page 42 of this report.

Sun City Fire District
Capital Assets (net of depreciation)
As of June 30, 2020 and 2019

	Governmental Activities		Increase (decrease)
	2020	2019	
Land and buildings	\$ 12,362,858	\$ 12,059,449	\$ 303,409
Fire equipment	2,681,114	2,332,067	349,047
Vehicles	5,992,213	6,367,786	(375,573)
Accumulated depreciation	<u>(8,083,878)</u>	<u>(7,423,360)</u>	<u>(660,518)</u>
	<u>\$ 12,952,307</u>	<u>\$ 13,335,942</u>	<u>\$ (383,635)</u>

Long-Term Liabilities

At the end of the current fiscal year, the District had approximately \$47 million in long-term liabilities outstanding.

The District continues to retire and manage debt to fund various capital projects which support program services. As of June 30, 2020, the District had total long-term debt (capital leases) outstanding of \$760,135. This debt currently requires annual debt service payments that consist of principal and interest of approximately \$635,000. All debt is backed by the full faith and credit of the District. The District has adequate funding capacity to support the continued debt service obligations.

In accordance with GASB Statements No. 68 and 75, the District is required to include the net pension/OPEB liability (asset) on the financial statements. The net pension/OPEB liability is measured as the total pension/OPEB liability, less the plan's fiduciary net position. Relating to the District's participation in the Public Safety Personnel Retirement System (PSPRS), a net pension liability is recorded at June 30, 2020 of \$34,869,496 and a net OPEB asset of \$(9,051). Relating to the District's participation in the Arizona State Retirement System (ASRS), a net pension liability is recorded at June 30, 2020 of \$1,887,286 and a net OPEB asset for health insurance premium OPEB plan of \$(3,673) and a net OPEB liability for the long-term disability OPEB plan of \$8,580.

The following table shows the District's Long-term Liabilities:

Sun City Fire District
Long-term Liabilities
As of June 30, 2020 and 2019

	Governmental Activities		Increase (decrease)
	2020	2019	
Compensated absences	\$ 940,253	\$ 924,841	\$ 15,412
General obligation bonds	8,895,000	9,279,000	(384,000)
Unamortized premium	760,135	774,316	(14,181)
Net pension/OPEB liability	<u>36,774,413</u>	<u>33,615,660</u>	<u>3,158,753</u>
Total noncurrent liabilities	<u>\$ 47,369,801</u>	<u>\$ 44,593,817</u>	<u>\$ 2,775,984</u>

Additional information regarding the long-term debt and noncurrent liabilities of the District can be found in the notes to the financial statements at pages 44 of this report.

ECONOMIC FACTORS AND FY 2021 BUDGET/TAX RATE

The District will slightly increase the mil rate to \$3.4845 for fiscal year 2021. The increase is due to the bond rate increasing from \$.2170 to \$.2445. The bond tax rate is to fulfil debt service obligations and does not affect the operational budget of the District. The District expects net assessed values to continue to increase in Maricopa County.

FINANCIAL CONTACT

The financial statements of the District are designed to present users (citizens, taxpayers, customers, investors and creditors) with a general overview of the finances of the District and to demonstrate accountability. If you have questions regarding the report or need additional financial information, please contact the Finance Director of the District at 18602 N. 99th Avenue, Sun City, Arizona 85373.

SUN CITY FIRE DISTRICT

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN
FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

YEAR ENDED JUNE 30, 2020

Net change in fund balances - governmental funds	\$ (451,719)
--	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those capital assets is allocated over their estimated useful lives as depreciation expense. In the current year, these amounts are:

Capital outlay	697,669
Depreciation expense	(1,080,190)

In the statement of activities, only the gain/loss on the sale of capital assets is reported, whereas, in the governmental funds, the proceeds from the sale increase financial resources.

Gain on disposal of capital assets	244,783
Proceeds from sale of capital assets	(245,896)

Changes in the investment in joint venture do not provide current financial resources.

(55,422)

Certain revenues relating to property taxes and charges for services in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

(218,138)

District pension/OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the statement of net position because the reported net pension/OPEB liability is measured a year before the District's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the statement of activities.

Pension/OPEB contributions	2,669,090
Pension/OPEB expense	(5,406,054)

Certain expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Change in compensated absences	(15,412)
--------------------------------	----------

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces noncurrent liabilities in the statement of net position. In the current period, the amount consists of:

Principal paid	384,000
Amortization of premium	<u>14,181</u>

Change in net position of governmental activities	\$ (3,463,108)
---	----------------

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies:

The accounting policies of Sun City Fire District (the District) conform to accounting principles generally accepted in the United States of America (GAAP) applicable to governmental units as promulgated by the Governmental Accounting Standards Board (GASB).

Reporting entity:

The District, established in 1996 pursuant to Arizona Revised Statute Title 48, is a special-purpose local government organized to provide fire protection and other emergency services to residents within the communities of Sun City, Youngtown and Citrus.

In accordance with GAAP, the financial reporting entity consist of a primary government and its component units. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the District for financial statement presentation purposes and it is not included in any other governmental reporting entity.

Government-wide and fund financial statements:

The basic financial statements include both government-wide financial statements and fund financial statements. The government-wide financial statements focus on the District as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between entities to enhance the usefulness of the information.

The government-wide financial statements include a statement of net position and a statement of activities. These statements report the financial activities of the overall government, but do not include fiduciary activities of the District.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include:

- charges to customers for services provided,
- grants and contributions

Revenues that are not classified as program revenues, including all taxes and internally dedicated resources, are reported as general revenues.

Fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies (continued):

Measurement focus, basis of accounting and financial statement presentation:

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Real and personal property taxes are levied on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May. A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy. All property taxes are billed and collected by Maricopa County and remitted to the District. In the governmental fund financial statements, property taxes are reflected as revenues in the fiscal period for which they were levied, provided they are due, or past due and receivable within the current period, and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period (60 days). Otherwise, they are reported as deferred inflows of resources.

Investment earnings associated with the current fiscal year are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

The general fund is the primary operating fund of the District. The principal revenue source is property taxes. Primary expenditures are for public safety.

The capital projects fund is used to account for financial resources that are restricted, committed, or assigned for the acquisition or construction of major capital assets.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies (continued):

Measurement focus, basis of accounting and financial statement presentation (continued):

The debt service fund is used to account for financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Fiduciary funds are used to account for resources held for the benefit of parties outside of the District. The Firefighters Relief and Pension Fund and the Agency Fund are reported as fiduciary funds. Fiduciary funds are presented on the accrual basis of accounting and have been excluded from the government-wide financial statements because the resources of this fund are not available to support the District's own programs.

Estimates:

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions.

Cash and investments:

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, investments in the County Treasurer's local government investment pool and highly liquid investments with a maturity of three months or less when purchased. Investments are stated at fair value.

Investment earnings are comprised primarily of interest earnings.

Fair value measurements:

Fair value is defined as the price to sell an asset or transfer a liability between market participants in an orderly exchange in the principal or most advantageous market for that asset or liability. Mutual funds are valued at quoted market prices. The fair value for the commingled funds and qualifying alternative investments is determined based on the investment's net asset value as a practical expedient. Considerable judgment is required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented in the financial statements are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and estimation methodologies may have a material effect on the estimated fair value.

Receivables, unearned revenue and deferred inflows of resources:

All accounts and property tax receivables are shown net of an allowance for doubtful accounts, if any. Property taxes receivable for the governmental fund types, which have been remitted within 60 days subsequent to period end, are considered measurable and available and recognized as revenues. All other property taxes are offset by unavailable revenue and, accordingly, have not been recorded as revenue in the fund financial statements.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies (continued):

Receivables, unearned revenue and deferred inflows of resources (continued):

Revenue from emergency medical and transportation services are recognized as charges for services. These charges for services are reported at their estimated net realizable amounts from patients, third-party payers, and other for services rendered, including estimated retroactive adjustments under reimbursement allowances with third-party payers, provisions for bad debt, uncompensated care, and other adjustments. The allowance for doubtful accounts at June 30, 2020 is \$1,175,108. Amounts not collected by the District within 60 days subsequent to year-end are recorded as deferred inflows of resources in the fund financial statements.

Federal and state grants and contracts are recorded as receivables and revenues when the related expenditures are incurred. The portion of reimbursement in excess of expenditures are recorded as unearned revenues and amounts not remitted within 60 days subsequent to period end are recorded as deferred inflows of resources.

Prepaid items:

Payments made to vendors for services that will benefit future accounting periods are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

Capital assets:

Capital assets, which include land, buildings and improvements, fire equipment and vehicles, are reported in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if actual cost is not available. Donated capital assets and capital assets received in a service concession arrangement are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Land	Not depreciated
Buildings and improvements	15 to 40 years
Fire equipment	5 to 10 years
Vehicles	5 to 15 years

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies (continued):

Compensated absences:

It is the District's policy to permit employees to accumulate earned but unused paid time off. A liability is reported for paid time off that the District will pay upon termination or retirement. None of the liability for compensated absences is expected to be liquidated with expendable available financial resources. Accordingly, compensated absences are accrued as a liability only in the government-wide financial statements. The general fund has typically been used to liquidate the liability for compensated absences in prior years.

Long-term obligations:

In the government-wide financial statements, long-term debt and other long-term obligations are reported as noncurrent liabilities in the statement of net position.

In the fund financial statements, proceeds from debt issued are reported as other financing sources and principal and interest payments are recognized as expenditures in the statement of revenues, expenditures and changes in fund balances.

Deferred outflows and inflows of resources:

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a contra expense in future periods.

Postemployment benefits:

For purposes of measuring the net pension and other postemployment benefits (OPEB) liabilities or assets, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The plan's investments are reported at fair value.

Fund balance:

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources. The classifications are as follows:

- Nonspendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

1. Description of organization and summary of significant accounting policies (continued):

Fund balance (continued):

- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that can only be used for the specific purposes imposed by formal action (resolution) of the Governing Board. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those accounts.
- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Governing Board or District officials delegated the authority by the Governing Board.
- Unassigned – includes those fund balances within the general fund, which have not been classified within the above mentioned categories. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position:

Net position represents the difference between assets, liabilities and deferred outflows/inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Budgetary information:

The District is required, under Arizona Revised Statutes, to adopt a budget each fiscal year and to submit it to the County Treasurer and the County Board of Supervisors no later than the first day of August each year; under statute only the general fund must legally adopt an annual budget. The adopted budget is on the modified accrual basis of accounting, which is a legally allowable basis for budgetary purposes. All annual appropriations lapse at fiscal year-end.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

2. Prior period adjustments:

Certain errors in previously issued financial statements relating to recording the District's compensated absences have been corrected, resulting in the following change to net position in the government-wide financial statements as of June 30, 2019.

	Governmental activities
Net position, as previously reported, June 30, 2019	\$ (15,979,654)
Adjustment for compensated absences	<u>(427,248)</u>
Net position, as restated, June 30, 2019	<u>\$ (16,406,902)</u>

The effect of the restatement on the change in net position for the year ending June 30, 2019 is as follows:

	Governmental activities
Change in net position, as previously reported, 2019	\$ (1,089,643)
Adjustment for compensated absences	<u>(427,248)</u>
Change in net position, as restated, 2019	<u>\$ (1,516,891)</u>

Certain errors in previously issued financial statements relating to classification between funds have been corrected, resulting in the following changes in fund balances in the governmental fund financial statements as of June 30, 2019. Unspent bond proceeds were incorrectly recorded in the debt service fund, when the proceeds should have been recorded in the capital projects fund, as the proceeds are restricted for capital outlays.

	General fund	Capital projects	Debt service	Total governmental funds
Fund balance, as previously reported, June 30, 2019	\$ 3,026,077	\$ 2,667,955	\$ 1,498,591	\$ 7,192,623
Reclassification	<u>-</u>	<u>1,005,994</u>	<u>(1,005,994)</u>	<u>-</u>
Fund balance, as restated, June 30, 2019	<u>\$ 3,026,077</u>	<u>\$ 3,673,949</u>	<u>\$ 492,597</u>	<u>\$ 7,192,623</u>

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

2. Prior period adjustments (continued):

The effect of the restatement on the change in fund balance for the year ending June 30, 2019 is as follows:

	<u>General fund</u>	<u>Capital projects</u>	<u>Debt service</u>	Total governmental funds
Change in fund balance, as previously reported, 2019	\$ (2,710,915)	\$ 37,246	\$ (4,254,108)	\$ (6,927,777)
Reclassification	<u>-</u>	<u>(4,450,632)</u>	<u>4,450,632</u>	<u>-</u>
Change in fund balance, as restated, 2019	<u>\$ (2,710,915)</u>	<u>\$ (4,413,386)</u>	<u>\$ 196,524</u>	<u>\$ (6,927,777)</u>

3. Cash and investments:

Deposits:

Cash on hand	\$ 310
Operating accounts	1,052,589
Money market accounts	<u>2,718,169</u>
	<u>3,771,068</u>

Investments:

Maricopa County Treasurer investment pool	2,258,808
Maricopa County investment pool - restricted for purchase of capital assets	109,942
Maricopa County investment pool - segregated for debt service	<u>775,973</u>
	<u>3,144,723</u>
	<u>\$ 6,915,791</u>

The Arizona Revised Statutes authorize the District to invest public monies in the State or County Treasurer's investment pool; interest-bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations of the United States government that are guaranteed as to principal and interest by the United States government; and bonds of the State of Arizona's counties, cities, towns, school districts and special districts as specified by statute.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

3. Cash and investments (continued):

Deposits:

Custodial credit risk - Custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned. The Arizona Revised Statutes require collateral for demand deposits, certificates of deposit and repurchase agreements at 101 percent of all deposits not covered by federal depository insurance.

At June 30, 2020, deposits with financial institutions have a carrying value \$3,771,068 and a bank balance of \$3,769,906. The difference represents deposits in transit, outstanding checks, and other reconciling items at June 30, 2020.

Investments:

Currently, monies levied by the District are invested with the Maricopa County Treasurer's Office and included in the Local Government Investment Pool (LGIP). The District's investment in the County's LGIP represents a proportionate interest in the pool's portfolio; however, the District's portion is not identified with specific investments. No oversight is provided for the Maricopa County investment pool, nor does the structure of the pool provide for shares. Participation in the pool is involuntary. The fair value of the investment pool is discussed in note 4.

The District's investments at June 30, 2020 were as follows:

	<u>Rating</u>	<u>Rating Agency</u>	<u>Amount</u>
Maricopa County Treasurer's investment pool	Unrated	Not applicable	\$ 3,144,723

The District does not have a formal investment policy with respect to credit risk, custodial credit risk, concentration of credit risk, interest rate risk or foreign currency risk for investments.

Credit risk - Arizona Revised Statutes have the following requirements for credit risk:

- Commercial Paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
- Specified bonds, debentures and notes must be rated A or better at the time of purchase by at least two nationally recognized rating agencies.
- Fixed income securities must carry one of the two highest ratings by Moody's Investors Service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk - the District's investment in the County Treasurer's investment pool represents a proportionate interest in the pool's portfolio; however, the District's portion is not identified with specific investments and is not subject to custodial credit risk.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

3. Cash and investments (continued):

Investments (continued):

Concentration of credit risk - The Arizona Revised Statutes do not include any requirements for concentration of credit risk.

Interest rate risk - Interest rate risk is the risk that changes in interest rates will adversely affect an investment's fair value. The Arizona Revised Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. Investments in repurchase agreements must have a maximum maturity of 180 days.

The weighted average maturity of the County Treasurer's investment pool varies by type of investment, and averages between 1 and 2 years.

Foreign currency risk - The Arizona Revised Statutes do not allow foreign investments unless the investment is denominated in the United States dollars.

4. Fair value:

The District measures and categorizes its investments using fair value measurement guidelines established by GAAP. These guidelines establish a three-tier hierarchy of inputs to valuation techniques used to measure fair value, as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.

Level 2 - Inputs, other than quoted market prices included within Level 1, are observable, either directly or indirectly.

Level 3 - Inputs are unobservable and significant to the fair value measurement.

Other investments at fair value - Investments for which fair value is measured at net asset value per share (or its equivalent). Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

4. Fair value (continued):

At June 30, 2020, the fair value of investments measured on a recurring basis is as follows:

	Fair value	Other investments at fair value	Level 1	Level 2	Level 3
External investment pools:					
Maricopa County Treasurer	\$ 3,144,723	\$ 3,144,723	\$ -	\$ -	\$ -

The fair value of a participant's portion in the Maricopa County Treasurer's investment pool approximates the value of that participant's pool shares and the participant's shares are not identified with specific investments. The investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. There are no unfunded commitments or redemption restrictions related to these investments.

The Maricopa County Treasurer's investment pool invests primarily in agency and treasury securities, bonds, commercial paper, and money market funds.

5. Interfund transfers:

Interfund transfers during the fiscal year are used to transfers funds between the capital projects fund and general fund. During the year ended June 30, 2020, the capital projects fund transferred \$199,106 to the general fund.

6. Receivables:

Property taxes	\$ 252,709
Ambulance receivables	1,522,210
Other	<u>97,360</u>
	1,872,279
Less allowance for doubtful accounts and contractual adjustments	<u>1,175,108</u>
	<u>\$ 697,171</u>

Total capital assets, net	\$ 13,335,942	\$ (382,522)	\$ (1,113)	\$ 12,952,307

8. Joint venture:

The District currently participates with nineteen other cities and districts in the Regional Wireless Cooperative (RWC), an association of municipalities formed to oversee the administration, operation, management, and maintenance of an expanding regional communications network. Financial responsibilities are shared by all members based on their relative size and number of radios on the system. Currently, the City of Phoenix is responsible for the day-to-day operations and maintenance of the network, as well as the management of the RWC's organization and finances.

The District records its share of contributions to the RWC and the equity in the joint venture in the government-wide financial statements. As of June 30, 2020, based on the latest information available, the District's net investment in RWC was \$623,701, or 1% of the RWC's total net position.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

8. Joint venture (continued):

The Comprehensive Annual Financial Report for fiscal year ended June 30, 2019 for the RWC may be obtained from the Regional Wireless Cooperative, 200 West Washington Street, 7th Floor, Phoenix, Arizona, 85003-1611.

9. General obligation bonds:

The District, pursuant to a special bond election, received voter approval to issue up to \$10,000,000 in general obligation debt to construct a new fire station and pay costs incurred in connection with delivery of the bonds.

Series 2017:

In February 2017, the Series 2017 General Obligation Bonds were issued by the District in the amount of \$9,245,000. The interest rate ranges from 2% - 4% and the bonds mature July 1, 2037.

The Series 2017 bonds were issued with a premium of \$751,345 that is being amortized over the life of the debt.

Series 2018:

In January 2018, the Series 2017B General Obligation Bonds were issued by the District in the amount of \$234,000. Interest is at 6.14% and the bonds mature July 1, 2022.

The Series 2017B bonds were issued with a premium of \$24,979 that is being amortized over the life of the debt.

Annual debt service requirements to maturity for the general obligation bonds are as follows:

Year ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2021	\$ 404,000	\$ 342,398	\$ 746,398
2022	417,000	324,391	741,391
2023	429,000	305,800	734,800
2024	380,000	290,600	670,600
2025	395,000	274,800	669,800
2026 - 2030	2,235,000	1,113,200	3,348,200
2031 - 2035	2,715,000	609,800	3,324,800

	<u>\$ 8,895,000</u>	<u>\$ 3,326,889</u>	<u>\$ 12,221,889</u>

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

10. Changes in noncurrent liabilities:

A summary of the changes in noncurrent liabilities for the period ended June 30, 2020 was as follows:

	<u>Beginning balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending balance</u>	<u>Due within one year</u>
Compensated absences	\$ 924,841	\$ 186,374	\$ (170,962)	\$ 940,253	\$ 282,000
General obligation bonds	9,279,000	-	(384,000)	8,895,000	404,000
Unamortized premium	774,316	-	(14,181)	760,135	18,281
Net pension liability	33,553,337	3,203,445	-	36,756,782	-
Net OPEB liability	<u>62,323</u>	<u>-</u>	<u>(44,692)</u>	<u>17,631</u>	<u>-</u>
	<u><u>\$ 44,593,817</u></u>	<u><u>\$ 3,389,819</u></u>	<u><u>\$ (613,835)</u></u>	<u><u>\$ 47,369,801</u></u>	<u><u>\$ 704,281</u></u>

The general fund has typically been used to liquidate the liability for pensions and OPEB in prior years.

11. Line of credit:

The Board of Supervisors of Maricopa County, on behalf of the District, established a line of credit in the amount of \$3,000,000 with JP Morgan Chase. In accordance with the Arizona Revised Statutes, the line of credit can only be drawn on by the County Treasurer in order to pay warrants issued by the District to fund operations prior to the collection of the property tax levy in the current year. Interest is payable at the bank's prime rate and the line matures in June 2021. The balance on the line at the beginning and end of the period was \$0.

12. Risk management:

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all such risks of loss, including workers' compensation and employees' health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

13. Commitments and contingencies:

Intergovernmental agreements:

The District is party to a variety of intergovernmental agreements entered into in the ordinary course of business pursuant to which it may be obligated to provide services outside of its geographic boundaries and/or receive assistance from other parties. As part of these agreements, the District is obligated to indemnify other parties for certain liabilities that arise out of, or relate to, the subject matter of the agreements.

The District has a cancelable computer aided dispatching service and additional technical services agreement with the City of Phoenix, which expires in December 2027. Either party may terminate the agreement by providing 180 days written notice. Annual fees are calculated based on usage, outlined in the agreement, and are billed quarterly. Total expenses related to this agreement were \$492,425 for 2020.

Legal proceedings:

From time to time, the District may be party to certain pending or threatened lawsuits arising out of or incident to the ordinary course of business for which it carries general liability and other insurance coverages. In the opinion of management and based upon consultation with legal counsel, resolution of any pending or threatened lawsuits will not have a material adverse effect on the District's financial statements.

COVID-19:

The COVID-19 outbreak in the United States has caused business disruption. The extent of the COVID-19 impact on operational and financial performance will depend on certain developments, including duration and spread of the outbreak, impact on the District's residents, employees and vendors, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the financial statements is uncertain.

14. Pension and other postemployment benefits:

The District contributes to the Arizona State Retirement System (ASRS) and the Public Safety Personnel Retirement System (PSPRS). These plans are component units of the State of Arizona.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

At June 30, 2020, the District reported on the Statement of Net Position and Statement of Activities the following aggregate amounts related to pensions and other postemployment benefits (OPEB) for all plans to which it contributes:

	<u>Governmental Activities</u>
Net pension and OPEB assets	\$ 12,587
Net pension and OPEB liabilities	36,774,413
Deferred outflows of resources related to pensions and OPEB	7,078,034
Deferred inflows of resources related to pensions and OPEB	241,271
Pension and OPEB expense	5,406,054

The District's accrued payroll and related benefits includes \$117,899 of outstanding pension and OPEB contribution amounts payable to all plans for the year ended June 30, 2020.

The District reported \$2,669,090 of pension and OPEB contributions as expenditures in the governmental funds related to all plans to which it contributes.

Arizona State Retirement System (ASRS):

Plan description - District employees not covered by the other pension plan described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at www.azasrs.gov.

Benefits provided - The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

	Initial membership date:	
	Before July 1, 2011	On or after July 1, 2011
Years of service and age required to receive benefit	Sum of years and age equals 80 10 years, age 62 5 years, age 50 any years, age 65	30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50 any years, age 65
Final average salary is based on	Highest 36 consecutive months of last 120 months	Highest 60 consecutive months of last 120 months
Benefit percent per year of service	2.1% to 2.3%	2.1% to 2.3%

Retirement benefits for members who joined the ASRS prior to September 13, 2013 are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013 are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. For members with 10 or more years of service, benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents. For members with 5 to 9 years of service, the benefits are the same dollar amounts as above multiplied by a vesting fraction based on completed years of service.

Active members are eligible for a monthly long-term disability benefit equal to two-thirds of monthly earnings. Members receiving benefits continue to earn service credit up to their normal retirement dates. Members with long-term disability commencement dates after June 30, 1999 are limited to 30 years of service or the service on record as of the effective disability date, if their service is greater than 30 years.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

Contributions - In accordance with State statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2020, statute required active ASRS members to contribute at the actuarially determined rate of 12.11% (11.94% for retirement and 0.17% for long-term disability) of the members' annual covered payroll, and statute required the District to contribute at the actuarially determined rate of 12.11% (11.45% for retirement, 0.49% for health insurance premium benefit, and 0.17% for long-term disability) of the active members' annual covered payroll.

The District's contributions to the pension, health insurance premium benefit, and long-term disability plans for the year ended June 30, 2020, were \$184,775, \$7,907, and \$2,744. During fiscal year 2020, the District paid for the ASRS pension and OPEB contributions from the general fund.

Liability - At June 30, 2020, the District reported the following asset and liabilities for its proportionate share of the ASRS' net pension/OPEB asset or liability:

	Net pension/OPEB (asset) liability
Pension	\$ 1,887,286
Health insurance premium benefit	(3,673)
Long-term disability	8,580

The net asset and net liabilities were measured as of June 30, 2019. The total liability used to calculate the net asset or net liability was determined using updated procedures to roll forward the total liability from an actuarial valuation as of June 30, 2018, to the measurement date of June 30, 2019. The District's proportion of the net asset or net liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2019. The District's proportions measured as of June 30, 2019, and the change from its proportions measured as of June 30, 2018 were:

	Increase (decrease) from June 30, 2018
	Proportion June 30, 2019
Pension	0.01297 %
Health insurance premium benefit	0.01329 %
Long-term disability	0.01317 %

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

Pension/OPEB expense - For the year ended June 30, 2020, the District recognized the following pension and OPEB expense:

	<u>Pension/OPEB expense</u>
Pension	\$ 641,811
Health insurance premium benefit	4,654
Long-term disability	3,084

Deferred outflows/inflows of resources - At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

	Pension		Health insurance premium benefit		Long-term disability	
	Deferred outflows of resources	Deferred inflows of resources	Deferred outflows of resources	Deferred inflows of resources	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$ 34,094	\$ 355	\$ -	\$ 4,390	\$ 1,014	\$ -
Net difference between projected and actual earnings on pension plan investments	-	42,420	-	4,776	-	183
Changes in assumptions	7,978	75,155	7,223	-	1,283	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	407,377	-	182	9	2,010	-
Contributions subsequent to the measurement date	<u>184,775</u>	<u>-</u>	<u>7,907</u>	<u>-</u>	<u>2,744</u>	<u>-</u>
	<u>\$ 634,224</u>	<u>\$ 117,930</u>	<u>\$ 15,312</u>	<u>\$ 9,175</u>	<u>\$ 7,051</u>	<u>\$ 183</u>

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

The amounts reported as deferred outflows of resources related to ASRS pensions and OPEB resulting from District contributions subsequent to the measurement date will be recognized as an increase in the net asset or a reduction of the net liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions and OPEB will be recognized as expenses as follows:

Year ending <u>June 30,</u>	Pension	Health insurance premium benefit	Long-term disability
2021	\$ 303,569	\$ (1,539)	\$ 517
2022	24,735	(1,539)	517
2023	(8,146)	497	696
2024	11,361	915	728
2025	-	(104)	660
Thereafter	-	-	1,006
	\$ 331,519	\$ (1,770)	\$ 4,124

Actuarial assumptions - The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

Actuarial valuation date	June 30, 2018
Actuarial roll forward date	June 30, 2019
Actuarial cost method	Entry age normal
Investment rate of return	7.5%
Projected salary increases	2.7% - 7.2% for pensions/ not applicable for OPEB
Inflation	2.3%
Permanent benefit increase	Included for pension/ not applicable for OPEB
Mortality rates	2017 SRA Scale U-MP for pensions and health insurance premium benefit
Recovery rates	2012 GLDT for long-term disability
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

The long-term expected rate of return on ASRS plan investments was determined to be 7.5% using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term expected geometric real rate of return</u>
Equity	50 %	6.09 %
Credit	20 %	5.36 %
Interest rate sensitive bonds	10 %	1.62 %
Real estate	20 %	5.85 %
	<u>100 %</u>	

Discount rate - The discount rate used to measure the ASRS total pension/OPEB (asset) liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB (asset) liability.

Sensitivity of the District's proportionate share of the ASRS net pension/OPEB (asset) liability to changes in the discount rate - The following table presents the District's proportionate share of the net pension/OPEB (asset) liability calculated using the discount rate of 7.5%, as well as what the District's proportionate share of the net pension/OPEB (asset) liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1 percentage point higher (8.5%) than the current rate:

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Arizona State Retirement System (ASRS) (continued):

	1% decrease (6.5%)	Current discount rate (7.5%)	1% increase (8.5%)
Net pension liability	\$ 2,686,045	\$ 1,887,286	\$ 1,219,729
Net insurance premium benefit liability (asset)	\$ 18,604	\$ (3,673)	\$ (22,654)
Net long-term disability liability	\$ 9,495	\$ 8,580	\$ 7,692

Plan fiduciary net position - Detailed information about the plans' fiduciary net position is available in the separately issued ASRS financial report.

Public Safety Personnel Retirement System (PSPRS):

Plan descriptions - District employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The PSPRS administers agent and cost-sharing multiple-employer defined benefit pension plans and agent and cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plans. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool), which are not further disclosed because of their relative insignificance to the District's financial statements.

The PSPRS issues a publicly available financial report that include financial statements and required supplementary information. The reports is available on the PSPRS website at www.psprs.com.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Public Safety Personnel Retirement System (PSPRS) (continued):

Benefits provided - The PSPRS provides retirement, health insurance premium supplement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Initial membership date:					
	Before January 1, 2012	2017	On or after July 1, 2017		
Years of service and age required to receive benefit	20 years of service, any age 15 years of service, age 62	25 years of service or 15 years of credited service, age 52.5	15 years of credited service, age 52.5, 15 or more years of service, age 55		
Final average salary is based on	Highest 36 consecutive months of last 20 years	Highest 60 consecutive months of last 20 years	Highest 60 consecutive months of last 15 years		
Benefit percent:					
Normal retirement	50% less 2.0% for each year of credited service less than 20 years OR plus 2.0% to 2.5% for each year of credited service over 20 years, not to exceed 80%	1.5% to 2.5% per year of credited service, not to exceed 80%			
Accidental disability retirement	50% or normal retirement, whichever is greater				
Catastrophic disability retirement	90% for the first 60 months then reduced to either 62.5% or normal retirement, whichever is greater				
Ordinary disability retirement	Normal retirement calculated with actual years of credited service or 20 years of credited service, whichever is greater, multiplied by years of credited service (not to exceed 20 years) divided by 20				
Survivor benefit:					
Retired members	80% to 100% of retired member's pension benefit				
Active member	80% to 100% of accidental disability retirement benefit or 100% of average monthly compensation if death was the result of injuries received on the job				

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Public Safety Personnel Retirement System (PSPRS) (continued):

Retirement and survivor benefits are subject to automatic cost-of-living adjustments based on inflation. PSPRS also provides temporary disability benefits of 50 percent of the member's compensation for up to 12 months.

Health insurance premium benefits are available to retired or disabled members with 5 years of credited service. The benefits are payable only with respect to allowable health insurance premiums for which the member is responsible. Benefits range from \$100 per month to \$260 per month depending on the age of the member and dependents.

Employees covered by benefit terms - At June 30, 2020, the following employees were covered by the agent pension plan benefit terms:

	Pension	Health
Inactive employees or beneficiaries currently receiving benefits	32	32
Inactive employees entitled to but not yet receiving benefits	11	10
Active employees	<u>49</u>	<u>49</u>
	<u><u>92</u></u>	<u><u>91</u></u>

Contributions - State statutes establish the pension contribution requirements for active PSPRS employees. In accordance with State statutes, annual actuarial valuations determine employer contribution requirements for PSPRS pension and health insurance premium benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contribution rates are a percentage of active members' annual covered payroll.

Active members - pension	7.65% - 11.65%
District:	
Pension	54.39 %
Health insurance	0.36 %

In addition, the District is required to contribute at the actuarially determined rate of 38.93% of annual covered payroll of retired members who worked for the District in positions that an employee who contributes to the PSPRS would typically fill and of employees participating in the PSPRS Tier 3 Risk Pool and PSPDCRP members in addition to the District's required contributions to the PSPRS Tier 3 Risk Pool and PSPDCRP.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Public Safety Personnel Retirement System (PSPRS) (continued):

The District's contributions to the pension plan for the year ended June 30, 2020 were \$2,432,037, and contributions to the OPEB plan were \$16,097. During fiscal year 2020, the District paid for the pension and OPEB contributions from the general fund.

Liability (asset) - At June 30, 2020, the District reported net pension liability of \$34,869,496 and a net OPEB liability (asset) of \$(9,051). The net liabilities were measured as of June 30, 2019 and the total liability used to calculate the net liability was determined by an actuarial valuation as of that date. The total liabilities as of June 30, 2019, reflect changes of actuarial assumptions to decrease the investment rate of return from 7.4% to 7.3% and update the mortality rates.

Actuarial assumptions - The significant actuarial assumptions used to measure the total pension/OPEB liability are as follows:

Actuarial valuation date	June 30, 2019
Actuarial cost method	Entry age normal
Investment rate of return	7.3%
Wage inflation	3.5% for pension/not applicable for OPEB
Price inflation	2.5% for pension/not applicable for OPEB
Cost-of-living adjustment	1.75% for pension/not applicable for OPEB
Mortality rates	PubS-2010 tables
Healthcare cost trend rate	Not applicable

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on PSPRS pension plan investments was determined to be 7.3% using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class.

SUN CITY FIRE DISTRICT

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2020

14. Pension and other postemployment benefits (continued):

Public Safety Personnel Retirement System (PSPRS) (continued):

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term expected geometric real rate of return
U.S. equity	16 %	4.75 %
Private credit	16 %	5.36 %
Non-U.S. equity	14 %	5.00 %
Private equity	12 %	8.40 %
GTS	12 %	4.01 %
Real estate	10 %	4.50 %
Real assets	9 %	6.75 %
Fixed income	5 %	3.00 %
Risk parity	4 %	4.01 %
Short-term investments	2 %	0.25 %
	<u>100 %</u>	

Discount rate - At June 30, 2019, the discount rate used to measure the total pension/OPEB liability was 7.30%, which was a decrease of 0.1 from the discount rate used as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarially determined contribution rate and the member rate. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension/OPEB liability.

SUN CITY FIRE DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

YEAR ENDED JUNE 30, 2020

1. Budgetary basis of accounting:

The District prepares its annual budget on the modified accrual basis of accounting. The level of budgetary control is at the fund level. A budgetary comparison schedule for the general fund is included as required supplementary information to provide meaningful comparison of actual results to budget on a budget basis.

2. Pension and OPEB plan schedules:

Actuarially determined contribution rates:

Actuarial determined contribution rates for PSPRS are calculated as of June 30 two years prior to the end of the fiscal year in which contributions are made. The actuarial methods and assumptions used to establish the contribution requirements are as follows:

Actuarial cost method	Entry age normal
Amortization method	Level percent-of-pay, closed
Remaining amortization period as of the 2018 actuarial valuation	19 years for unfunded, 20 years for overfunded
Asset valuation method	7 year smoothed market; 80%/120% corridor
Actuarial assumptions:	
Investment rate of return	PSPRS members with initial membership date before July 1, 2017: In the 2017 actuarial valuation, the investment rate of return was decreased from 7.5% to 7.4%. In the 2016 actuarial valuation, the investment rate of return was decreased from 7.85% to 7.5%. In the 2013 actuarial valuation, the investment rate of return was decreased from 8.0% to 7.85%. PSPRS members with initial membership on or after July 1, 2017: 7%
Salary increase	In the 2017 actuarial valuation, projected salary increases were decreased from 4.0% - 8.0% to 3.5% - 7.5%. In the 2014 actuarial valuation, projected salary increases were decreased from 4.5% – 8.5% to 4.0% – 8.0%. In the 2013 actuarial valuation, projected salary increases were decreased from 5.0% – 9.0% to 4.5% – 8.5%.

SUN CITY FIRE DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED)

YEAR ENDED JUNE 30, 2020

2. Pension and OPEB plan schedules (continued):

Actuarially determined contribution rates (continued):

Wage growth	In the 2017 actuarial valuation, wage growth was decreased from 4% to 3.5%. In the 2014 actuarial valuation, wage growth was decreased from 4.5% to 4.0%. In the 2013 actuarial valuation, wage growth was decreased from 5.0% to 4.5%.
Retirement age	Experience-based table of rates that is specific to the type of eligibility condition. Last updated for the 2012 valuation pursuant to an experience study of the period July 1, 2006 - June 30, 2011.
Mortality	In the 2017 actuarial valuation, changed to RP-2014 tables, with 75% of MP-2016 fully generational projection scales. RP-2000 mortality table (adjusted by 105% for both males and females).

Factors that affect trends:

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, the PSPRS changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes also increased the PSPRS-required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the PSPRS-required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. Also, the District refunded excess employee contributions to PSPRS members. PSPRS allowed the District to reduce its actual employer contributions for the refund amounts. As a result, the District's pension contributions were less than the actuarially or statutorily determined contributions for 2018.

STATISTICAL SECTION

Statistical Section

This part of the comprehensive annual financial report of the District presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health of the District.

This section contains the following tables and information:

Financial Trends

These schedules contain trend information to help the reader understand how the financial performance and well-being of the District have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the most significant local revenue source of the District – the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the current levels of outstanding debt of the District and its ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the financial activities of the District take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the financial report of the District relates to the services the District provides and the activities it performs.

Subtotal, overlapping debt			96,192,755
 Sun City Fire District direct debt			 9,655,135
 Total direct and overlapping debt			 \$ 105,847,890

Note: Overlapping governments are those that coincide, at least in part, with the geographical boundaries of the District. This Schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the District. The process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Report on Internal Control and on Compliance

**Independent Auditors' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards* and Report on Compliance with State
of Arizona Regulatory Requirements**

Governing Board and Management
Sun City Fire District
Sun City, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sun City Fire District, as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 26, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Report on Compliance with State of Arizona Regulatory Requirements

In connection with our audit, nothing contrary came to our attention that caused us to believe that Sun City Fire District incurred any debt or liability in excess of taxes levied and to be collected and the monies actually available and unencumbered at that time in the District's general fund, except for those liabilities as prescribed in Arizona Revised Statutes section 48-805, subsection B, paragraph 2 and sections 48-806 and 48-807, or that the District failed to comply with Arizona Revised Statutes section 48-805.02, subsection F. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. This report is supplemental reporting as required by Arizona statutes intended solely for the information and use of management and the members of the Arizona State Legislature and is not intended to be and should not be used by anyone other than these specified parties.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Beach Fleischman PC
